phishing email analysis

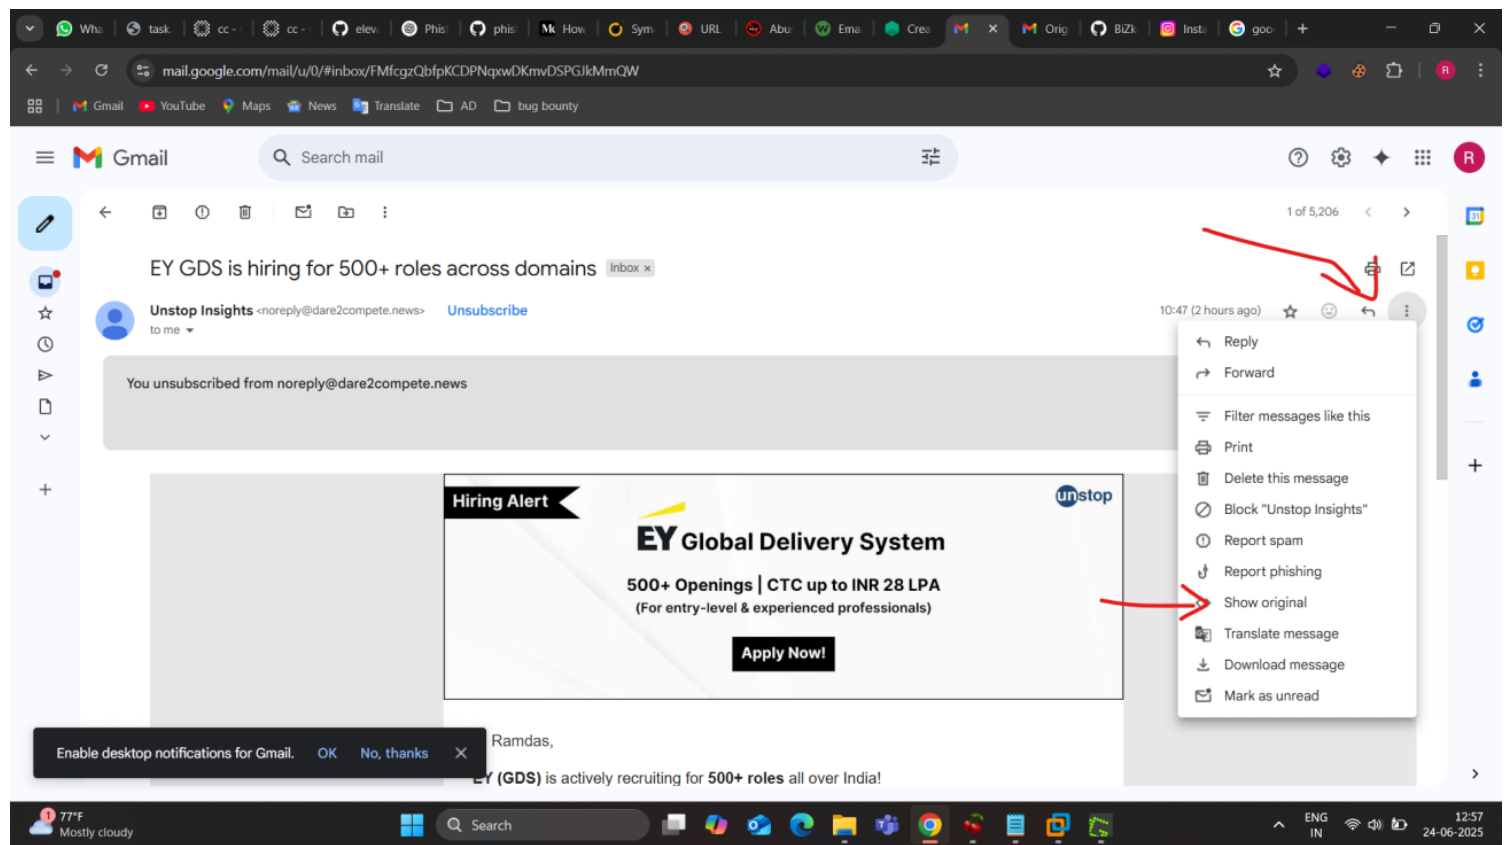

https://github.com/rf-peixoto/phishing_pot by going on this git link :-get email which are reported as phishing email which we can use for analysis

below phishing email is created by me by using phishmailer tool and this how it look

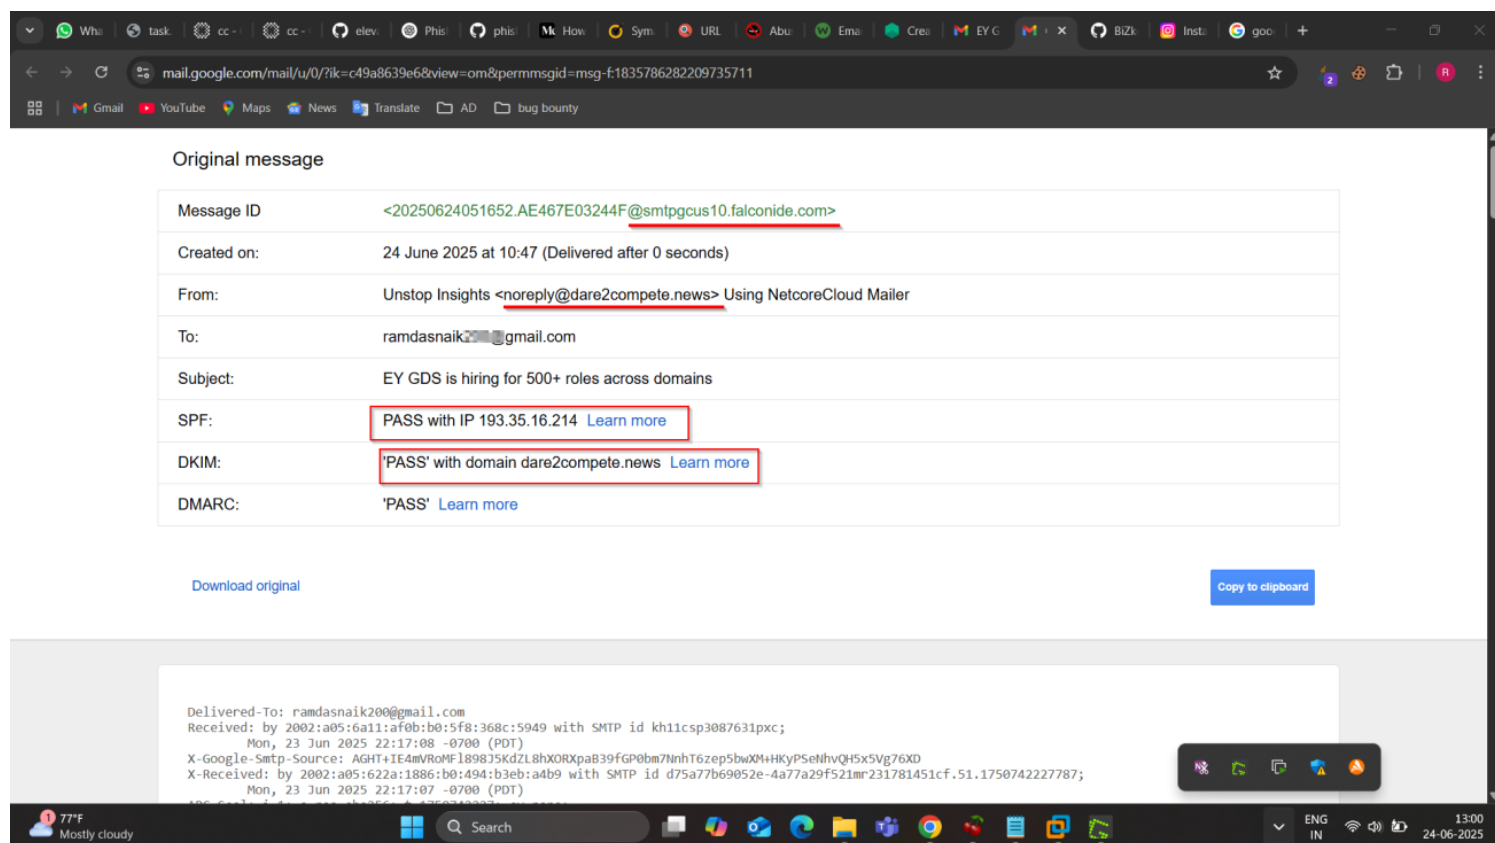

this email is legitimate i have gone show original that

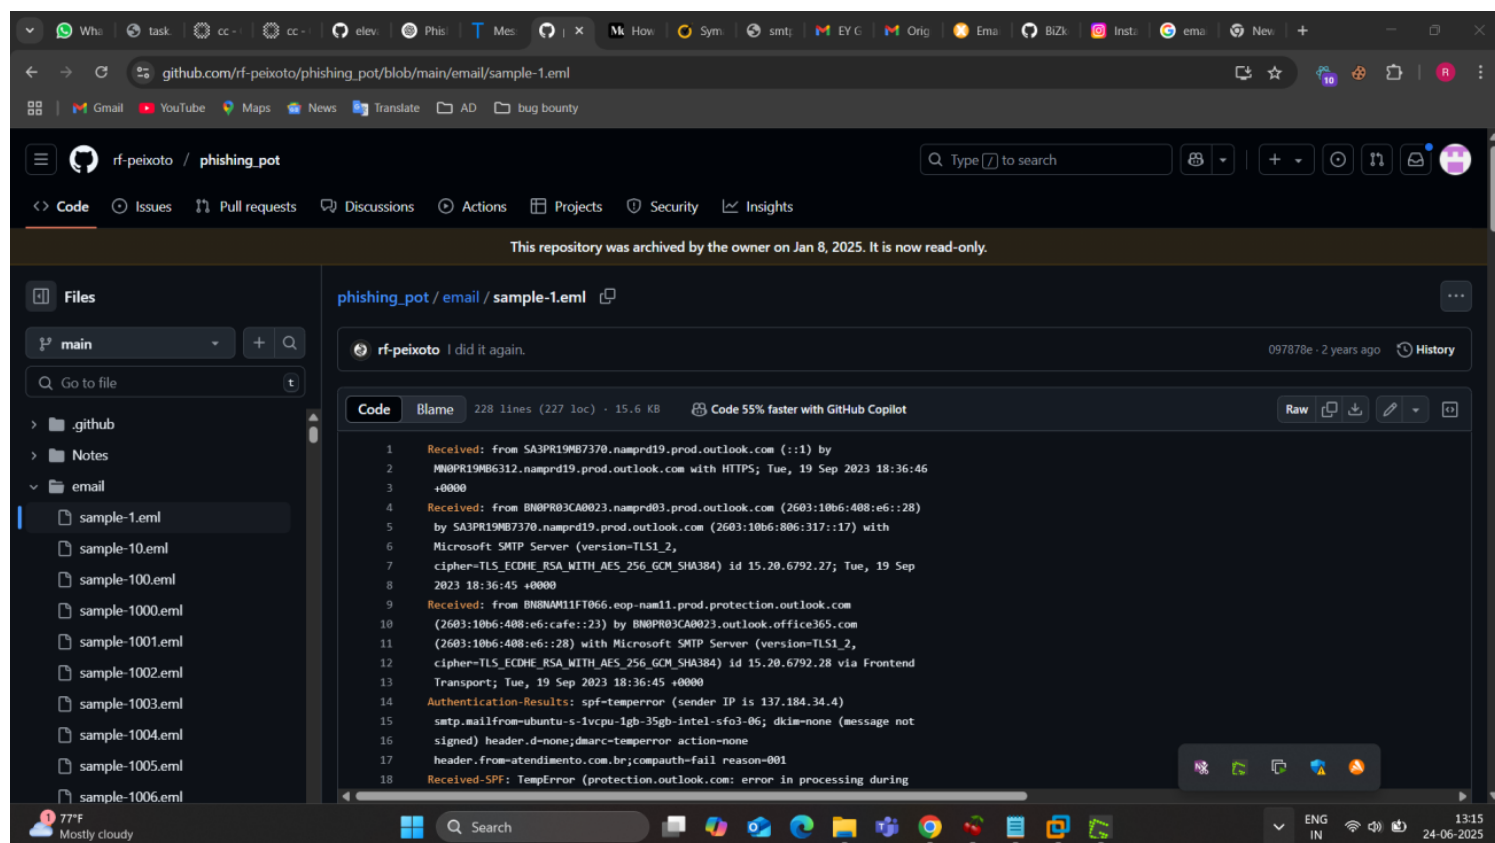

provides some info about emails

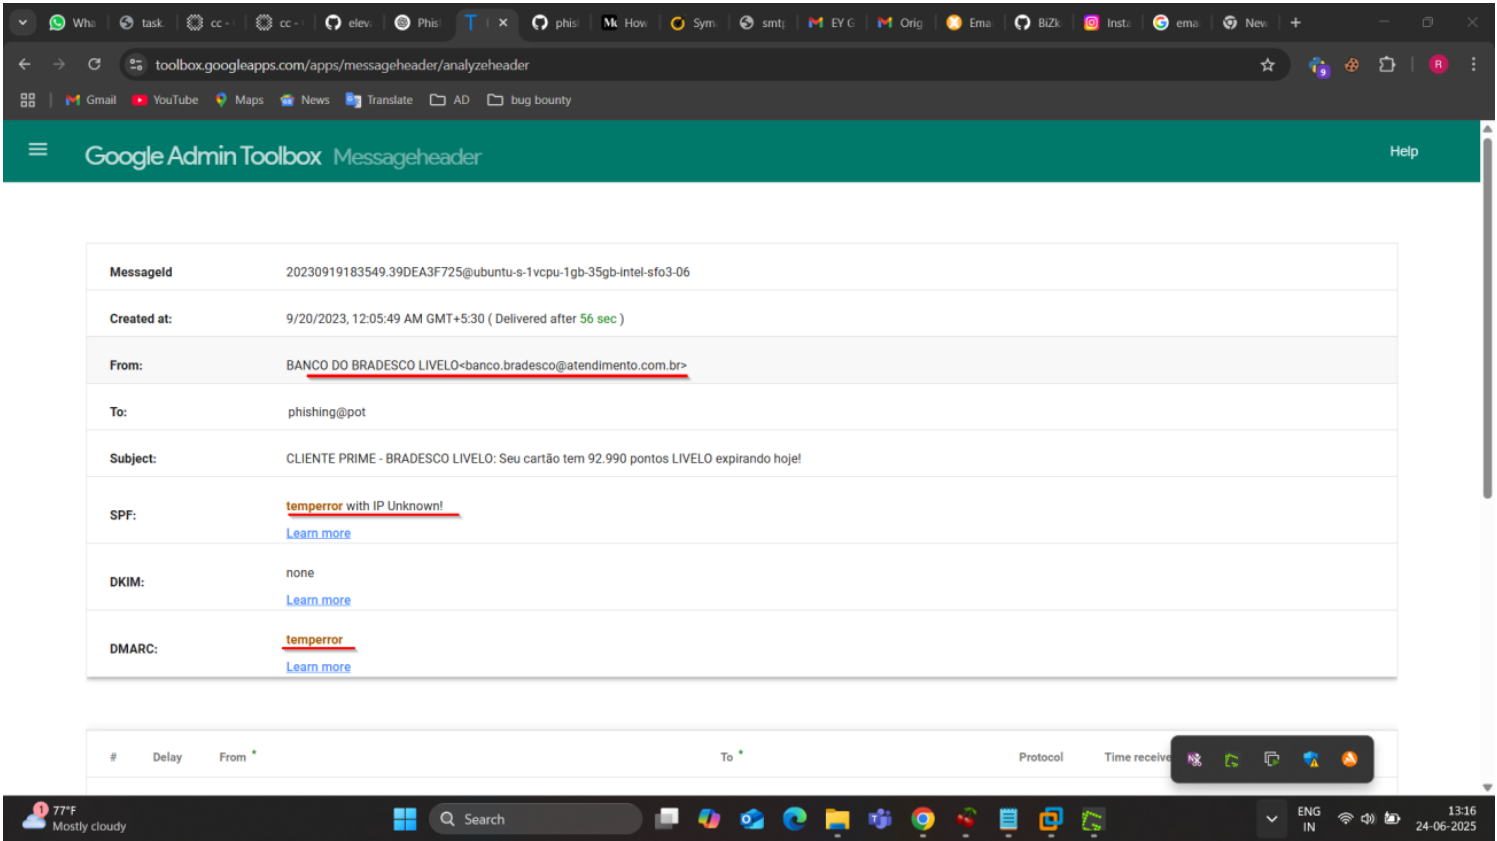

we can get ip and its domain

i copied header from phishing pot

analysed google header analyser

using MxToolBox email analysis
